SPRING 2018

Put a spring in your step

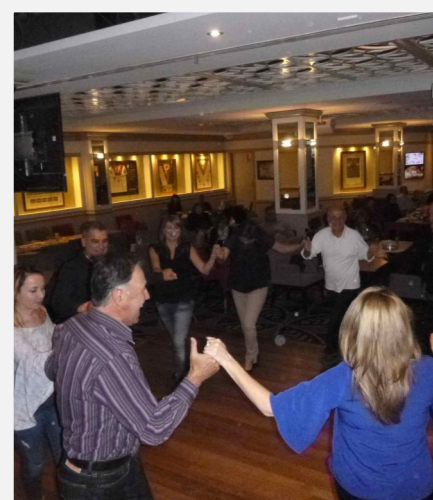

Welcome to the Paradise Band Spring 2018 Newsletter.

Spring is such a great time of year; everything is in a renewal phase and everything seems more colourful.

We managed to get through the winter months & now we're looking forward to warmer weather, longer days & lots of fun.

It's no secret that dancing is an excellent way to keep fit & our aim is to get as many people dancing as we possibly can.

This year we started adding more popular music & some Latin inspired music to our repertoire. We want to appeal to a wider audience & get more people into the spirit of the Greek nights. So come along, get on the floor & have some fun with us.

Why Greek music?

Music is an international language. Musicians from around the world can collaborate & play music together with little effort because music theory is a constant.

The differences in music comes from the rhythms, feels and scales that are intrinsic in different styles. That's why Latin music sounds the way it does, Greek music sounds well, Greek.

Since we are predominantly a Greek band made up of members of Greek heritage we focus on providing Greek dance nights for anyone who would like to get up and dance, of course you don't need to be Greek to do this, we welcome everyone to our shows & we try and incorporate different types of music so that we can entertain more people.

Greek music for us has unique expressive qualities & most songs tell a story, some of happiness, some of woe, some of love lost or found & they do speak to the heart in a profound way.

Our aim was to provide Greek entertainment in a safe & modern environment with free entry & lots of food choices & other attractions. We have achieved this with Canterbury Leagues Club hosting Greek dance nights once a month & St George Leagues Club also hosting Greek dance nights once a month. These evenings have been enjoyed by many & we continue to have good attendance. We thank you for the support of the Greek nights & we would like to thank these venues for putting the Greek nights on, it's a little bit of Greek culture right here in Sydney & we're proud to be a part of it.

So come along & join us for a Greek celebration of life, dance, laugh & be happy.

Happiness is.....

A lot of things!

We've always believed that being happy is essential for good health, as important as a good night's sleep, proper nutrition and exercise.

We place a lot of emphasis on making people happy, our goal is to spread the joy & happiness at our shows. We do enjoy watching everyone have a great time & we have a great time too!

We have enjoyed a great year so far & we count our blessings for being happy, healthy & able to do what we do.

Remembering Grenfell

A shout out to the wonderful folks at Grenfell. We sure had a blast performing there and meeting you all and we think of you often.

We have fond memories of our weekend in Grenfell, what a wonderful town and friendly locals.

We stayed at the Railway Hotel overnight & had the pleasure of having a beer with some of the locals. To our mate John, thanks for sharing so many wonderful stories with us, we had a great time.

We hope that you are all well & we hope to see you all again soon.

Quick Quips

Music is the greatest communication in the world. Even if people don't understand the language that you're singing in, they still know good music when they hear it.
